PROFESSIONAL SUMMARY

Results-driven Frontend Developer with 1.5+ years of experience building fast, accessible, and SEO-optimized web applications using React.js, Next.js, and Tailwind CSS. Delivered 8+ production websites across healthcare, education, e-commerce, and hospitality sectors. Proficient in REST API integration, reusable component architecture, and Core Web Vitals optimization. Comfortable working with Laravel Blade and WordPress. Eager to bring clean UI, strong performance instincts, and a user-first mindset to a collaborative engineering team.

TECHNICAL SKILLS

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), React.js, Next.js
- **React:** Hooks (useState, useEffect, useContext), Component Architecture, Props, State Management
- **Styling:** Tailwind CSS, Bootstrap, Responsive & Mobile-First Design
- **API & Data:** REST APIs, Fetch API, Axios
- **Templating / CMS:** Laravel Blade, WordPress
- **Performance & SEO:** Core Web Vitals, Lighthouse, Page Speed Optimization, SEO best practices
- **Tools & Deployment:** Git, GitHub, Vercel, Hostinger, MilesWeb, Figma
- **Currently Learning:** TypeScript, Redux Toolkit

PROFESSIONAL EXPERIENCE

- **Fillip Technologies** May 2024 – Present
Frontend Developer
 - Built and maintained 18+ production websites across React.js and Laravel Blade stacks, serving live users across education, healthcare, and e-commerce domains
 - Improved Lighthouse performance scores by 35 points on average through lazy loading, image optimization, and bundle size reduction — directly improving Core Web Vitals
 - Developed a reusable React component library (hooks-based) adopted across 4+ projects, reducing UI development time by an estimated 30%
 - Integrated 20+ REST APIs using Axios/Fetch for dynamic data rendering across product listings, course data, and vendor discovery platforms
 - Converted 10+ Figma screens into pixel-perfect, cross-browser-compatible, and WCAG-accessible UIs
 - Developed and deployed dynamic Laravel Blade frontend interfaces with API-driven content rendering
 - Customized and maintained WordPress websites with responsive UI and SEO-friendly structure
 - Ensured cross-browser compatibility (Chrome, Firefox, Safari, Edge) and mobile-first responsiveness across all projects

KEY PROJECTS

- **Fillip Skill Academy** — React.js · Tailwind CSS · REST API
Built a full-featured course discovery platform with real-time API-driven course listings and enrollment flows. Achieved sub-2s load time through code splitting and component-level optimization.
- **Domus Cure** — React.js · Tailwind CSS
Developed a responsive healthcare website with accessible UI components following WCAG guidelines. Improved mobile usability score from 68 → 91 via responsive layout overhaul.
- **Ramratan Jewellers (E-commerce)** — Laravel Blade · Tailwind CSS · JavaScript
Built dynamic product listing and detail pages with API-integrated inventory data. Implemented responsive filtering UI that reduced average product-find time for users.

- **Weddings72 — Vendor Discovery Platform** — Laravel Blade · Tailwind CSS
Developed API-based dynamic content rendering for vendor listings across 10+ categories. Optimized SEO structure improving search visibility.
- **Sita Architectural Consultancy** — React.js · Tailwind CSS
Delivered a modern business website with clean design, smooth navigation, and fast load times.
- **Collins Kids & Litera Valley School** — Laravel Blade · Tailwind CSS
Created responsive school websites with API-driven content, focused on accessibility and cross-device compatibility.

EDUCATION

- **Asian International University** 2023 – 2025
Master of Computer Applications (MCA)
- **M.G.M College of IT and Management** 2021 – 2023
Bachelor of Computer Applications (BCA)
