Animation:

GSAP, Framer Motion

API Integration:

REST APIs, Axios, Fetch API

CMS / Templating:

Laravel Blade, WordPress

Performance & SEO:

SEO Best Practices, Core Web Vitals, Website Optimization

Development Practices:

Reusable Components, Responsive UI Development, Git Workflow, Agile Collaboration

Tools:

Git, GitHub, Vercel, Hostinger, AAPanel, Figma

Professional Experience

Fillip Technologies

Frontend Developer

May 2024 – Present

- Developed responsive web interfaces using React.js, Next.js, Laravel Blade, and Tailwind CSS
- Built reusable and maintainable frontend components for use across multiple pages and projects
- Converted Figma designs into responsive, pixel-accurate interfaces
- Implemented responsive and mobile-first development practices for a consistent experience across devices
- Integrated REST APIs using Axios and Fetch API for dynamic data rendering
- Worked on SEO implementation and website optimization to improve page structure and visibility
- Improved Core Web Vitals and overall frontend performance through optimization techniques
- Created animations using GSAP and Framer Motion where required to enhance user interactions
- Ensured cross-browser compatibility through testing and debugging
- Collaborated with designers and backend developers to deliver functional, user-focused interfaces
- Used Git and GitHub for version control and team-based development
- Assisted with deployments using Vercel, Hostinger, and AAPanel

Key Projects

- Technosys Management

Next.js, Tailwind CSS

Designed and developed the frontend of a corporate business website with reusable UI components and responsive layouts. Implemented an SEO-friendly page structure and ensured cross-browser compatibility for a consistent experience across devices.
- Patna Zoo

Laravel Blade, Tailwind CSS, JavaScript

Developed the frontend using Laravel Blade templates with responsive, mobile-first layouts. Worked on SEO-friendly page structures and optimized overall website usability and performance.
- Fillip Skill Academy

React.js, Tailwind CSS, REST API

Built a course discovery platform with API-driven course listings and a responsive, mobile-first UI.
- Domus Cure

React.js, Tailwind CSS

Developed an accessible healthcare website with responsive layouts and cross-browser compatibility testing.
- Ramratan Jewellers

Laravel Blade, Tailwind CSS, JavaScript

Created dynamic product listing pages with responsive filtering and REST API-integrated inventory display.
- Weddings72

Laravel Blade, Tailwind CSS

Built a vendor discovery platform with an SEO-optimized structure and reusable, category-based page templates.
- Collins Kids

Laravel Blade, Tailwind CSS

Developed a responsive school website with mobile-first layouts and an SEO-friendly page structure.
- Litera Valley School

Laravel Blade, Tailwind CSS

Implemented a Figma-to-code build for a responsive educational website, with cross-browser testing across devices.

Education

Asian International University

Master of Computer Applications (MCA)

2023 – 2025

M.G.M College of IT and Management

Bachelor of Computer Applications (BCA)

2021 – 2023
